# User Manual

1. Starting the application

Press the beautiful icon in order to start the app.

2 Navigating the menus

2.1 The main menu

Here you have 3 options: 1. Go to the level selection scene to play. 2. Go to the store to buy cool things for your segway. 3. Toggle sound on/off.

The screen that welcomes you to the game

2.2 The store scene

Here you can buy upgrades for your segway.

Upgrades

AntigravityWheels
SuperHelmet
RocketBoost
Shrooms
Rehab

2.3 The level selection scene

Here you select which level you want to play. Locked levels have a lock on them and are locked until you have beaten all the levels up until that level.

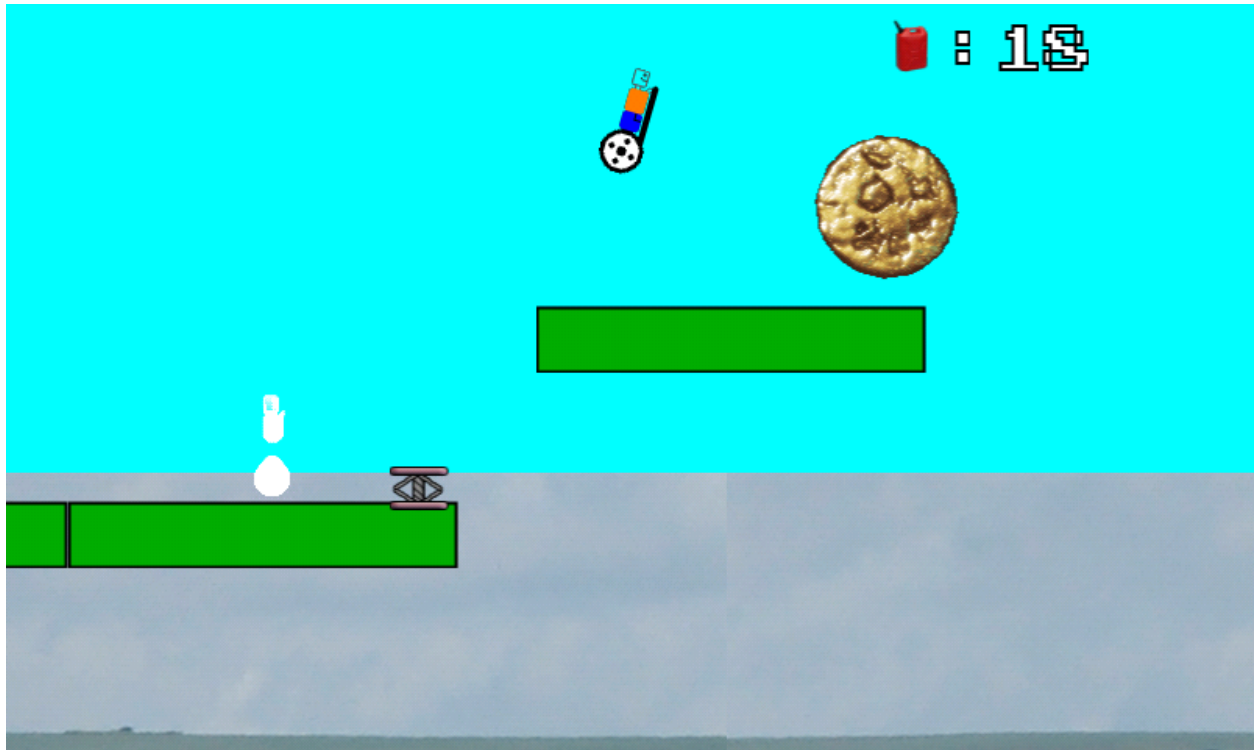

Finish a level to unlock the next!

3 Playing the game

3.1 Controls

You start the game by clicking the screen and then control the speed and direction of the segway by tilting your device. Jump by pressing the right side of the screen and activate your boost by pressing the left side of the screen.

3.2 Goal

Your goal is to reach the golden cookie and collect all small cookies you might find on your way there.

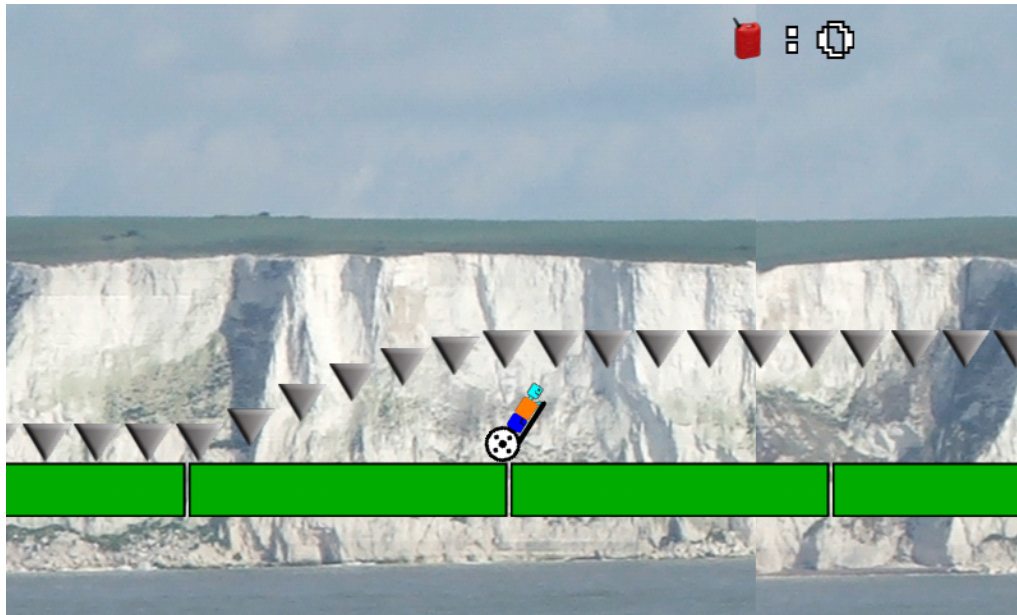

The goal of every Segwayer, the golden cookie

Proof that you have completed the level
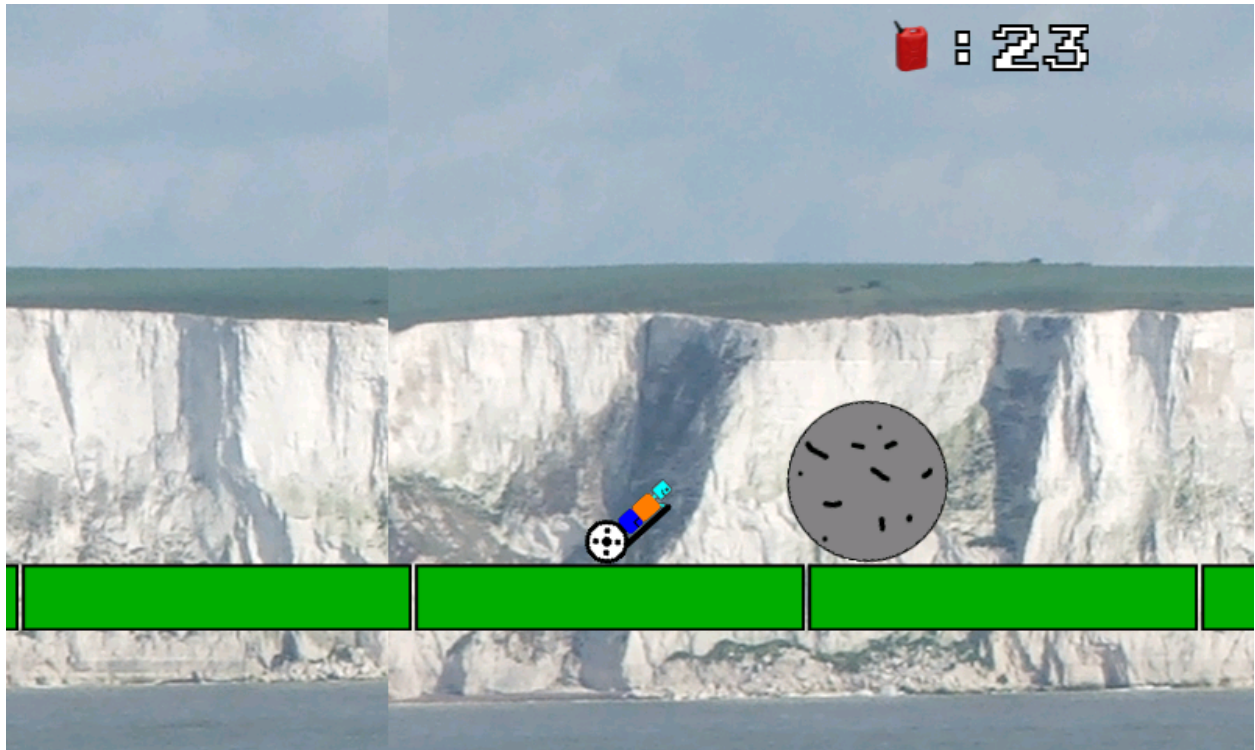

3.3 Dangers

The life of a Segwayer is dangerous so try and avoid bottomless pits, spikes and giant boulders on your way to the golden cookie.
